+ INFORMATION

FORMAT:

The digital file is a 30x40cm (12"x16") file at 300dpi, in .jpg and/or .pdf formats ready to print, but if you need it adapted to other dimensions, please let me know.

The printing is done on Fine Art paper of the highest quality.

DELIVERY TIME:

Standard delivery is 7-10 days from the receipt of all required photos, not counting the shipping days. Delivery times could vary depending on the volume of work. An expected delivery date will be provided when orders are placed.

PAYMENT METHOD:

Payments can be made through **PayPal**.

Payment needs to be made in advance. Once payment confirmation has been received, your illustration will be added to the job list. Once the initial illustration is done, you will receive it in digital format so that you can tell me if you want me to make any changes. When the illustration is finished, you will receive it by mail or digitally (based on what you requested).

CHARACTERISTICS OF THE PHOTOS TO SEND:

Please send me the photos of the people and/or animals that you want in the illustration, IT IS VERY IMPORTANT that all photos are **current**, **clear**, that people are facing directly into the camera (***not turned sideways***), **without sunglasses**, and that **there is nothing obscuring or covering their faces**. Avoid photos taken from Instagram as much as possible, as they lose a lot of quality and that makes work very difficult.

NOTE: Once the order has been formalized, it is understood that you agree with the conditions set out here.

If you have any questions, I will be happy to assist you!
Thank you very much! ^^
